

“PLK” Power LED Converter

Converters for High Brightness LEDs

- Independent converter - IP40 - Insulation class II
- Suitable for supplying High Brightness LEDs 1W /3W /5W - Connection in series
- Output in steady current: 350mA, ±10%
- Self-resetting protection against over temperatures, open circuits and against output short circuits.
- Input voltage: 120V/AC - Steady output

H03VVH2F 2 x .03”

Model	LED		Output		Dimensions			oz.	Part Number
	min	max	I max	V max	A	B	C		
PLK 110	1	9	350mA	48V	4.7" x 1.3" x 0.8"			1.4 oz.	QT-PLK1101WB
